GCHS - Purpose & History

The purpose of the Grant County Historical Society is to collect, preserve, research, publish, and interpret the heritage of Grant County, Indiana, and thereby to foster a deeper understanding and appreciation of our county's history, people, art, and natural environment.

As a result of plans by the Marion Public Library Board, the Grant County Historical Society was originally organized on March 25, 1905 at a public meeting in the Library's auditorium.

The Society's original artifact collection has been transferred to Marion Public Library's History Center & Museum in an ongoing relationship between the Society and the Library.
