## GCHS - Purpose & History

The purpose of the Grant County Historical Society is to collect, preserve, research, publish, and interpret the heritage of Grant County, Indiana, and thereby to foster a deeper understanding and appreciation of our county's history, art, and natural environment.

As the result of plans by the Marion Public Library Board, the Grant County Historical Society was originally organized on March 25, 1905 at a public meeting in the Library's Auditorium.

The Society's original artifact collection has been transferred to Marion Public Library in a renewal of the relationship between the Society and the Library.
